Gerber Foundation

- **Research grants - Up to \$350,00 for experienced principal investigators
Up to \$30,00 for novice investigators**

The Foundation's mission focuses on infants and young children. Priority is given to projects that improve the nutrition, care and development of infants and young children from the first year before birth to 3 years of age. The Foundation is particularly interested in fresh approaches to solving common, everyday problems or emerging issues within our defined focus area. Projects should focus on issues faced by care providers that, when implemented, will improve the health, nutrition and/or developmental outcomes for infants and young children. The board is particularly looking for practical solutions that can be easily and rapidly implemented on a broad scale with a predictable time frame to clinical application.

Deadlines: Concept papers – **Due May 15 4 pm ET**

Selection notification – Mid June

Full proposals – **Due Aug 15 4 pm ET**
