References
- Limit references to approximately 10-12 entries.
- References should be no older than 5 years.
- In-text citations: Use the author-date method of citation, e.g., “[Doe, 2018]” or “Doe (2018) states...” Only use page numbers when quoting directly from a source.
- All citations should reference primary sources. The use of secondary sources (material analyzed or interpreted from the primary source) is discouraged. If necessary, locate a copy of the original work and credit it as such.
- Authors are encouraged to provide the digital object identifier (DOI) number for all references when possible directly after the citation. These should be formatted as url links (https://doi.org/xxxx).
- Manuscripts must NOT contain reference software codes.
- Reference list: List all references in alphabetical order. Follow these examples:
  - Book:
  - Chapter in a book:
  - Periodical:
  - Internet:
    Follow APA style, depending on source. Include author(s) or source, document or title description, and Internet address (uniform resource locator, or URL).

Table/Figures/Photos
- Authors are encouraged to include camera-ready tables, figures, and photos (black and white or color). Limit 4.
- When using tables or figures adapted/reprinted from another source, author must obtain written permission for both print and electronic use from original publisher. Acquiring permission to reprint previously published materials is the responsibility of the author.
- Photos should be a minimum of 300 dpi (dots per inch).
- Tables and figures should be attached on separate pages after the reference list. Corresponding citations (e.g., see Table 1) should be noted in the manuscript text.
